

FOOD CERTIFICATION / REFERENCE INFORMATION

Food-contact information

Raw-material declaration for the polypropylene used in corrugated sheet production.

Scope of the supplied declaration

The declaration concerns the base raw material without colour, anti-static or UV additives. It does not establish the suitability of every finished sheet, colour, additive package or food-contact application.

Historical regulatory references

The following references are retained from the supplied declaration. Their dates and reference numbers are historical; they are not a statement of current regulatory approval.

Country	Reference in the declaration
Austria	K.V. No. 775, 23/09/1994; approval letter UZ 17639-45/92.
Belgium	Arrêté Royal of 25 August 1976, amended by Arrêté Royal of 24/07/1992.
Denmark	Sundhetsministeriets bekendtgørelse No. 931 of 06/12/1995.
Finland	KTM, Paatos 397/94 and subsequent updates.
France	Matériaux au contact de denrées alimentaires destinées à l'alimentation humaine. Brochure No. 1227, January 1994 edition; Arrêté of 14 September 1992, as amended.
Germany	BgVV Recommendation No. 307 of 1991.
Italy	Decreto ministeriale of 21/03/1973; 26/04/1993 to D.M. No. 220 and subsequent updates.
Luxembourg	Règlement Grand-Ducal, 11/06/1991, pages 1/2.

FOOD CERTIFICATION / REFERENCE INFORMATION

Food-contact references

Continuation of the regulatory references included in the supplied raw-material declaration.

Country	Reference in the declaration
Norway	Kongelig Resolusjon, 11 March 1976; updates of 21/12/1993.
Portugal	Portaria No. 1114/95, 13/09/1995.
Spain	Resolution of 04/11/1982; Real Decreto 2207/1994, 16/11/1994.
Sweden	Nourishment Regulation, amended SLV FS 1993:18, 16/12/1993.
Netherlands	Verpakkingen en Gebruiksartikelenbesluit (Warenwet), regulation 21/08/1991; 167 of 29/08/1991 and subsequent supporting provisions.
United Kingdom	Plastics for food-contact applications, revised edition 1986; Statutory Instruments 1992 No. 3145 and subsequent amendments.
United States	FDA 21 CFR 177.1520(a)(3)(i) and (c)(3.2a); 21 CFR 176.170(c), chart 2, condition H. The declaration also cites 21 CFR 177.1520(b) for ingredients.
Switzerland	KsV, 26 June 1995; approval letter reference 8.21.-325 BM.

Application-specific documentation

Suitability should be confirmed for the selected sheet grade, additives, food type and contact conditions. Contact info@ozer.com for the applicable current declaration and supporting documentation. The source statement provides guidance and does not constitute a third-party certificate or warranty.
